

## 10 W cabinet loudspeaker, ABS

### Part-No.: 581276

The Cabinet loudspeaker is suitable for various applications, such as shopping centers, supermarkets, educational institutions, office buildings, hotels, and restaurants. It stands out due to its high sound pressure and its wide frequency range, and offers excellent voice and music reproduction. Available output settings are 5 W and 10 W. A spring terminal on the back side makes cable connection easier. The elegant design in shock-resistant ABS material is kept in discrete white. The loudspeaker features an extraordinary bass response.

The loudspeaker is CE and RoHS compliant.
